

MATERIAL SAFETY DATA SHEET

TEFCOTE PLASTER PRIMER

1. Identification

Plaster Primer

Date of issue:
27..07.98

Replaces (previous issues):
New

Product Codes: -

Company: Tefcote Surface Systems, Central House, 4 Christchurch Road, Bournemouth, Dorset, BH1 3LT

Phone: 01202 551212 Fax: 01202 559090

Emergency phone number:
01202 551212

Type: Water based styrene - acrylic dispersion

Intended use:

Primer for mineral surfaces

For technical information, see Technical Datasheet

2. Composition / Information on ingredients

Classification according to Danish / EU Legislation:

Name: - Konc: - Symbol: - R-phrases: -

The product does not contain any substances presenting a health hazard within the meaning of the Danish and EU regulations.

3. Hazards identification:

The product is not classified as dangerous

4. First aid measures:

General:

In all cases of doubt, seek medical attention

Inhalation:

Not relevant

Eye Contact:

After separating the eyelids flush with copious amounts of water at least 10 min. Remove contact lenses. Seek medical advice.

Skin contact:

Remove contaminated clothing. Thoroughly wash affected skin with soap and water or use a proprietary skin cleaner. Do not use solvents or thinners.

Ingestion:

If accidentally swallowed obtain immediate medical advice

5. Fire fighting measures:

The product does not present a fire hazard.

Extinguishing media: Foam, CO₂, powder, water, spray/mist. Do not use water jet.

Fire will produce dense black smoke containing products of combustion. Decomposition products may be a hazard to health. Appropriate self - containing breathing apparatus may be required.

Cool closed containers exposed to fire with water spray. Do not allow run - off from fire to enter drains or water courses.

6. Accidental release measures:

Provide adequate ventilation. See protective measures listed in section 8.

Avoid breathing vapours. See protective measures listed in section B.

In case of spills cover product with an inert absorbent (e.g. sand, soil, granulate) and place into marked containers. Hold waste for dispose according to local regulations (see section 13).

Clean preferably with a detergent, avoid the use of solvents.

Do not allow to enter drains or water courses. If the product enters drains or sewers the local water company should be contacted immediately, in case of contamination of streams, rivers or lakes, the national authority.

7. Handling & Storage:

Handling:

Avoid skin and eye contact. Avoid inhalation of vapour. Eating and drinking should be prohibited in areas of storage and use. For personal protection see section B.

Storage:

Store product in tightly closed container in a dry and well ventilate place. Do not store product in direct neighbourhood of food, drinks and animal feed. Keep out of the reach of children.

Protect from frost.

8. Exposure controls / personal protection:

Technical facility design: -
Occupational exposure limits:
Name: - ppm - mg/mg³ -
The list valid during the compilation (Danish list, Dec.1996) was used as a basis.

Personal protection:

Respiratory protective equipment:
Not relevant
Hand protection:
Skin exposure should be reduced to a minimum, use if necessary protective gloves
Eye protection:
Avoid eye contact. Use if necessary suitable eye protection.
Skin protection:
Skin exposure should be reduced to a minimum. Use suitable work clothes.

9. Physical and chemical properties:

Physical state	Liquid
Colour	Green
Flash point	-
Density, g/ml	1,0 (20°C)
Water solubility	Good
Weight % organic solvents	0
Product, Flammable liquid of class	None

10. Stability and reactivity:

Stable under the recommended storage and handling conditions (see section 7).
If exposed to high temperatures, hazardous decomposition products may be produced.
Keep away from oxidising agents and strongly alkaline and strongly acidic materials to prevent the possibility of exothermic reaction.

11. Toxicological information:

Properties injurious to health:
Prolonged skin contact may cause irritation.
Splashes in the eyes may cause irritation.

12. Ecological information:

Do not release large quantities of product into the environment or the drains.

13. Disposal considerations:

Waste incl. emptied containers are controlled wastes and should be disposed of in accordance with national or local regulations.
EAK - code: 08 04 03 00

14. Transport information:

The product is not classified as dangerous for carriage.
UN - no: -
Transport name: -
Road / railway:
ADR / RID: Class / pt / litre: -
Sea
IMDG: Class - Pk. gr: -
MP: - EmS - no:
MFAG: -

15. Regulatory information:

This product has been classified in accordance with Danish and EU Directives on Hazardous Materials:
Hazard symbol: *The product is not classified as dangerous .*
No classification and labelling.

R - phrases: -
S - phrases: -
Application restrictions: -

16. Other information:

The information contained in this safety data sheet is based on the present state of knowledge and current EU and Danish legislation.
The product should not be used for purposes other than those shown in Section 1.
As the specific conditions of use of the product are outside the suppliers control, the user is responsible for ensuring that the requirements of relevant legislation are compiled with.
This information in this safety data sheet provides guidance on health, safety and environmental aspects of the product and should not be constructed as any guarantee of technical performance or suitable for particular applications.
In case of medical attention, bring this safety data sheet.
